Amberg Caught After Extensive Check Swindles.

His Victims Are Scattered All Over the Country.

Once a Trusted Clerk, He Took to Disposition.

Charles F. Amberg, who during the last six months has earned for himself the reputation of being one of the most adept forgers and skilful check swindlers of recent times, was remanded in the Tombs Police Court today for examination to-morrow on a charge of forgery.

The complainant was H. C. Magruder, a member of the Parmelee-Election Lumber Company, with general offices at No. 1 Broadway. On July 7 he defrauded this company out of \$25 by means of a bogus check on the Clay City National Bank of Clay City, Ky.

Amberg, it appears, was thoroughly conversant with the wholesale lumber business, having been an inspector for four years for the Kentucky Union Lumber Company, of Clay City. While engaged in this capacity he became acquainted with the representatives of members of all the large lumber firms throughout the country, particularly the cities east of the Mississippi River.

About six months ago he started on his criminal career by forging a check for \$100,000 on the Clay City National Bank, and then he proceeded to travel through the West, representing himself to be the general agent of different lumber companies in the West.

He operated in Chicago, St. Louis, Louisville, Cincinnati, Baltimore, Boston and Philadelphia. His operations in this city, however, were limited to the one transaction named on the Parmelee-Election Lumber Company on July 7. He represented himself to be the agent of Martin Brothers, extensive lumber dealers of Clay City, Ky.

He succeeded in getting an order from Magruder for 100,000 feet of lumber, to be delivered within a few weeks.

Amberg displayed considerable knowledge of Martin Brothers' business affairs and Mr. Magruder had no suspicion that he was not all he represented himself to be. Therefore, when Amberg declared he was temporarily embarrassed and asked to be cashed a check for \$25, Magruder gave him the check. The check was deposited with the Fifth Avenue National Bank, sent to New York City and returned a few days ago marked "N. G."

Magruder at once reported the matter to Inspector McLaughlin, who had already been notified of Amberg's transactions in all the cities above named.

Monday morning Mr. Magruder was considerably astonished to learn that Amberg had returned to New York. The information came to him through the lumber firm of C. B. Morrow & Co., of 115 Broadway.

A member of that firm had called up Mr. Magruder on the telephone and asked him for some information regarding the firm of Martin Brothers. He instantly suspected that some scheme similar to that in which he had suffered was being worked, and he immediately called on the firm.

Mr. Morrow informed him that a gentleman representing himself to be the agent of Martin Brothers had called on him and offered to sell 100,000 feet of oak and ash at \$40 per thousand. He knew the quotation for that quality of lumber was considerably higher and before entering into any transaction with the alleged agent, though he would consult some other dealer.

Mr. Morrow's description of his recent

caller tallied exactly with that of Amberg, whom he had told to call on Tuesday morning to complete the contract. Magruder then related his transaction, and feeling satisfied that the agent was none other than Amberg, notified Inspector McLaughlin.

A warrant was sworn out immediately before Justice Martin, in Tombs Police Court, and given to Detective Scoville. They visited Mr. Morrow's office at 830 Broadway, and remained there until 9 o'clock Tuesday awaiting the arrival of Amberg. About 9:30 o'clock he walked into Mr. Morrow's private office and was immediately placed under arrest. At Police Headquarters he confessed the crime, and acknowledged to Inspector McLaughlin that he had obtained many thousands of dollars by means of forged checks from different dealers throughout the country.

He took his arrest coolly, and declared himself willing to face the consequences.

At least a dozen warrants sworn out by as many dupes from all sections had been forwarded to Inspector McLaughlin for service, all seeming to have aimed at Amberg, who would follow the way of such character criminals and eventually turn up in New York.

His only alibi was that of John Martin, the senior member of the firm of which he declared himself to be a representative.

Amberg is an old New Yorker and says he was born in Ludlow street, when that was something of a fashionable thoroughfare.

REJECTED SUITOR'S RAGE.

Widower McDonald Wrecks Unwilling Widow Kellier's Store.

Michael McDonald, a blacksmith, fifty-four years old, living at 29 Monroe street, was held for examination in the Essex Market Police Court this morning on the charge of assault.

Michael is a widower with four children. His solitude palled upon him and he yearned for feminine society. So he got drunk yesterday, went around to Widow Kellier's little grocery store at 12 Monroe street and proposed.

She refused him at sight. McDonald's natural indignation rose to the storm pitch, and he proceeded to wreck the widow's place. He loaded his arms with canned goods and began firing them at the widow. Then he caught up the weights and used them for missiles.

A can struck the widow on the head and two of the weights were involuntarily stopped by customers named Ida Cohen and Abraham Goldstein, who live near by. Goldstein's scalp was laid open and Miss Cohen's ear was split. McDonald was making great headway as a wrecker when Policeman Currier rushed in, clubbed him into subjection and locked him up.

The wounded were patched up at the Gouverneur Hospital. No serious damage was done. McDonald pleaded that he did not know what he was doing, but Justice Hogan would not accept the plea.

Charles Gabel, fourteen years old, of Willow Terrace, Hoboken, had his foot crushed at 10:30 o'clock this morning in an elevator at 615 Broadway, where he was employed. He was taken to St. Vincent's Hospital.

CABLE CAR WRECKS A TRUCK.

Passengers and Truckman Thrown to the Street and Hurt.

Front Seat Occupants Narrowly Escape by Jumping Off.

A collision between a cable car and a heavily loaded truck in Chatham Square at 8:45 this morning, caused a panic in the car, which was full of passengers, some of whom were thrown to the street and more or less injured. The driver of the truck was flung from his seat, sustaining injuries about the knee. The truck was wrecked, a hind wheel being demolished.

Car 218 of the Third Avenue line was coming downtown on the curve at Chatham Square and New Bowery, one of the passengers said, at very high speed, when a truck, driven by John Scott, of 29 West Fifty-third street, belonging to the J. T. Prescott Enameling Company, of 11 Jay street, pulled rapidly across the track.

Seeing the danger of collision, Scott whipped up his horse and tried to cross in front of the car, while Policeman 209, who was in charge of the car, tried to stop, but owing to the slippery track, failed to check its headway.

The truck had nearly crossed in safety, but a hind wheel was still on the track when the car came heavily against it. Passengers in the truck saw the danger and leaped to the street. Others were not so fortunate, and some of them were injured.

The truck driver was hurled from his high seat to the pavement, lacerating his knee and tearing his clothing. Had he not struck the car in his fall he might have been more severely injured. His helper, who refused to give his name, escaped uninjured.

The car platform and fender were badly smashed, and the truck settled down with a crash under its own weight. The hind wheel being entirely demolished. Traffic was delayed ten minutes.

Scott says the gripman did not try to stop the car. No arrests were made.

POINT ARAN, Cal., Sept. 5.—A party from San Francisco, including A. W. Higginson, second officer of the steamer Oakland, his wife and daughter, Wilfred Spence and W. A. Tice, were camped on Garcia River, ten miles from this place, early in the morning they were awakened by the cracking of a large redwood tree. The men ran, but the ladies stopped to dress. The tree fell on both tents, killing Mrs. Higginson and her daughter, Sadie, Spence and Tice had each a leg broken.

CLOUDBURST IN HILLS.

(By Associated Press.) PANAMA, Ill., Sept. 5.—This section was visited by a cloud burst, bringing almost continuous rain for the last twenty-four hours. This saved the pasture. M'LEAN HELD UP IN HIS SHOP.

Covered with a Revolver and Told to Give Up Valuables.

Handed Over a Watch and Ring, Valued at \$108.

John McLean, a carpenter and builder at 81 Bleeker street, was robbed Saturday night. Mr. McLean was asleep on a lounge in the rear room of his office at about 7 o'clock, when two men entered. One stood at the door and the other drew a revolver, and pointing it at McLean told him he had best keep quiet and hand over everything of value he had.

McLean complied, and handed out his watch and a diamond ring, valued at \$108. After they had gone he tried to follow them, but when he reached the front door they were out of sight. He recognized the one who had watched at the door as a loafer in neighboring saloons, and reported this fact to the Merced street station, where he told the police all about it. Detective Bourgeois was able to arrest the man who stole, but the other has not been captured.

The alleged lookout, Octave August, thirty-three years old, of 76 West Houston street, denied having any connection with the crime. He was taken to Jefferson Market Court today and held for examination.

TWO NEW CASES.

Health Board Officials Closely Watching Small-Pox Suspects.

Mary Williams, thirty-two years old, of 219 West Forty-fourth street, and Veronica Davis, colored, one year old, of 22 West Sixty-fourth street, were removed to North Brother Island this morning, suffering from small-pox. During the last week a dozen or more cases have been removed from 225, 222 and 224 West Sixty-fourth street, which are large tenement-houses occupied by colored people.

Dr. Doty explains that the reason why the disease gained such a foothold in that neighborhood is because the colored families have concealed the patients. Inspectors who were detailed to investigate found a number of convalescents, and some who had been sick with the disease had entirely recovered. There are a number of cases among colored families now under observation, and it is expected that the disease will develop in a few days. The suspects are not allowed to hold communication with any one but Health Board officials.
